Subject: DPS extended hours

Hello Everyone,

I am writing to give you the heads up that DPS is opening its offices in your county on Saturdays beginning this past Saturday through the election on November 5. The offices will be open from 10-2 for the purposes of providing Election Identification Certificates only. The press releases below have more detailed information in them. Please help us spread the word about this additional opportunity for the voters in your county that may need an ID for voting. Thank you.

Keith
